Dear Humanitarian Workers,

Welcome to this week's work session of Inside ~ Outside Talks 2016. This work session will be discussing the combined subtopics, "The meaning of pope Francis Assisi's Paper(s): Care for the environment.", Cleaning up the waters is profitable and important. And Do you have the will to_____?,

Of and which is a part of the overall and of this year's theme

Men Of Dialogue:

**"Contrast & Compliments"
The Speeches & positions of:**

Dr. Martin Luther King, Jr.

A Call To Action

&

Malcolm X (Shabazz)

"The Autobiography of Malcolm X"

“Harlem: Precious Memories— Great Expectation”

The reality of the positions is the two leaders they both were assassinated as a result of their efforts to improve conditions and educate the masses.

Today we celebrate the messages of these men have brought to us, but we also are saddened by the lack of progress made and examine the reasons for the lack of cooperation for improving race relations and conditions.

It has been determined that racism (and discrimination) is the cause of wars, hardship and as well as multitude of murders in which a large portion of the murders may actually have been committed by the police.

These criminal acts have torn our society for many years. The legal battles for justice has to be won.

Most recently the San Francisco Police Chief announced that all officers on the San Francisco police force will be required to complete anti bias training. (<http://www.nytimes.com/2016/04/30/us/san-francisco-police-orders-officers-to-complete-anti-harassment-class.html?mwrsm=Facebook>)

New York needs to do much better in handling their problems with the NYPD. It is bad enough that they have written books on the corruption within the NYPD and the multitude of abusive practices (i.e.)

1. Brotherhood of Corruption: A Cop Breaks the Silence on Police Abuse, Brutality, and Racial Profiling.

(<http://www.amazon.com/Brotherhood-Corruption-Silence-Brutality-Profiling/dp/1556525362>)

Police Corruption: Exploring Police Deviance and

Crime(<http://www.amazon.com/Police-Corruption-Exploring-Deviance-Crime/dp/1843924102>)

NYPD Confidential: Power and Corruption in the Country's (<http://www.amazon.com/NYPD-Confidential-Corruption-Countrys-Greatest/dp/0312650949>)

Now most recently the current New York Daily NEWS has it that the police Commissioner tells Bodega store owners to “Drop Dead”.(<http://www.nydailynews.com/new-york/nypd-bill-bratton-defends-nuisance-abatement-news-expose-article-1.2617495>)

This is not the type of mentality we want from a community leader at all.

In order for the rest of the country to have decent relations with the police departments then New York will have to make the necessary changes with their community relations and the police departments. Or people of color may never have justice in America.

What also has been an interesting test and position of legalities was ~ is regarding the usage of technology has been the FBI ~ Apple Computer Company court battles.

And with the current **President & CEO of Apple Computer Company** calling “**the United States Government dysfunctional**” should sound a global

alarm. (<http://www.cnbc.com/2016/05/03/apple-ceo-tim-cook-us-government-is-dysfunctional.html>).

With Apple's computer company's president calling the United States governments dysfunctional, you also have to look at their responses and corrective steps toward some of the most basic problems.

During the **Summer Initiatives** 2012 work session Q P Funk Heaven and the Theory of Music (<https://11eefg-bn1305.files.1drv.com/y3mRWM5OWrCumLy26hvjVQMfh2Jx6S645DRfy4yXoo47sEfOOmrPODfxsPBUGrQYXszdGyLSrBXzFIInHCxqs7mp4PCu3ez5BqDdHKtsktgPm3Z0VBLY1tM--QpCxoZFl/qpfunkheaventheorymusic.pdf?psid=1>)

Fox NEWS and other NEWS publications called New York the dirtiest City in America. i.e.: “**New York Voted Dirtiest, Rudest, And Loudest City In The United States**” (http://www.huffingtonpost.com/2012/09/18/new-york-voted-dirtiest-city-united-states_n_1893631.html)

And the in 2014 the reported basically the same.
Most recently, I have talked to people who have very good suggestions on how to better conditions and written authorities as well. Yet their response has not been at the level it should be at : pictures of trash on New York

Streets: (<https://onedrive.live.com/?id=15CF520541C61284%213107&cid=15CF520541C61284>).

And the Feds just pride themselves at by sending one or two of the politicians at a time to jail e.i.: “New York Today: A Possibility of Prison” (<http://www.nytimes.com/2016/05/12/nyregion/new-york-today-a-possibility-of-prison.html>).

That is not solving the problems neither.

They need to be realistic about what the religious arguments are doing to the health of relations and stop using it as a means for funding the military and running unethical wars.

Use religion for what it was meant to used for and bring them back to prayer.

At this particular time we are going to continue with said dialogue efforts via the development of movie efforts “**Parliament 2 The Young Lords**” & the TV show "**Starting At Home Can We Heal Our Spiritual Health**".

Happy Birthday Malcolm X Shabazz

Happy Birthday Buddha !!!!!!!!!!!!!!!!

Until the next work session.

Take care for now.

Sincerely,

James R. Branch
